Sir:

RESPONSE TO NOTICE OF NON-COMPLIANT APPEAL BRIEF

In response to the Notice of Non-Compliant Appeal Brief dated July 6, 2007,
Appellant respectfully submits that the Appeal Brief is compliant.

The notice states that “the summary of claimed subject matter does not map the independent claims on appeal, to the specification by page and line number and to the drawings, if any (claims 18 and 35).” This is simply not true. An extensive mapping of the claims is provided in the summary section of the brief. There is even a table mapping independent claim 1 onto an example non-limiting embodiment of the specification. Specific pages, lines numbers, and figures are referred to in the table. At the top of page 7, the brief states “because independent method claim 18 is a method analog of apparatus claim 1 and independent computer product claim 35 is a computer product analog of apparatus claim 1, the mapping provided for claim 1 also applies.” Appellant sees no

point in repeating the very same claim chart mapping for each of independent claims 18 and 35.

Accordingly, the Appeal Brief is compliant, and substantive consideration is respectfully requested.

Respectfully submitted,

NIXON & VANDERHYE P.C.
